Section:	No. 702.1
Title:	PROPERTY
Date Adopted:	December 1, 2004
Date Revised:	

702.1. FACILITIES NAMING GUIDELINES

1. Purpose Deer Lakes School District seeks to provide opportunities to honor or memorialize outstanding individuals who have made substantial contributions to the school district.

2. Authority The Board of Directors has the authority and responsibility to establish reasonable guidelines and regulations for naming facilities and grounds.

3. Guidelines The school district has been blessed with many teachers, administrators, coaches, and other supporters from the community, who have left inspiring life-long impressions on the students who pass through this institution. This tradition of selfless giving must be encouraged forever.

Therefore, facilities, new or existing, will not be named after any individual or group, as it is not possible to equitably recognize all the wonderful contributors to the education of our young people.

Honors or memorials of other types are encouraged and may include public ceremonies on school grounds, plaques describing accomplishments placed on school grounds, or other suitable means as appropriate.

Benefactors who wish to honor or memorialize outstanding individuals or groups through financial contributions are encouraged to do so through the establishment of a scholarship or contribute to an existing scholarship fund.

The Deer Lakes School District shall have the authority to revoke any honors or memorials in the event that any recipient is determined to have committed any serious criminal act.
