

823. AUTOMATED EXTERNAL DEFIBRILLATOR (AED)

1. Purpose The Board is committed to providing a safe and healthy environment for the school community. Maintaining automated external defibrillators (AED) in the schools enables trained responders to deliver early defibrillation to victims of sudden cardiac arrest.

2. Authority The Automated external defibrillator (AED) units are owned by the district and shall be properly maintained and located in secure and accessible locations.

The automated external defibrillator (AED) units shall be used in accordance with approved district procedures.

3. Guidelines A core team shall be trained in CPR and AED procedures by completing a training program offered by approved providers. Members of the team shall be provided opportunities for annual training and retraining.

Written guidelines for medical emergencies related to the use of automated external defibrillators (AED) shall be provided to all members of the core team.

{ } Responders' use of automated external defibrillator (AED) units shall not replace the care provided by emergency medical services (EMS) providers. Patient care shall be transferred to the EMS providers upon their arrival.

4. Delegation of Responsibility The high school nurse shall develop and disseminate written guidelines for use of automated external defibrillator (AED) systems.

{ } Automated external defibrillator (AED) units may be used by all members of the district's core team who have successfully completed training and any trained volunteer who has a current course completion card.
