Plan A

Traditional Educational model, how education has looked in the past

This model does not promote social distancing

This model will only be used when it is deemed safe to return to full operations by local, state and federal officials

Plans B and C

Plans B and C will be identical with a delayed start for secondary and an early release for elementary students.

Plan C will reduce the population by 50%

The left side of the chart depicts the enrollment for each grade level at 100%, 80%, 70%, 65% and 60%. These numbers illustrate the amount of students that could be in the building at each of these percentages.

This chart illustrates district enrollment by grade level and building. This chart provides the information on how many students would be in each building for both plans B and C.

Deer Lakes Student Hybrid Schedule-B

***** With this model- we would offer 5 day in person instruction for all students that prefer in-person instruction. This model will only be utilized if the number of students preferring in-person instruction is a low enough percentage that we can still socially distance at 6 feet.***

Students who elect distance learning will be provided time to meet with their teachers throughout the day

Plan C

- *This model- we would reduce the population that prefers in-person instruction by 50%.*
- *Example: 70% wish to return in person- we divide that in half- 35% in Green Group and 35% in Yellow Group. This would allow us to socially distance at 6 feet apart.*
- *Students who elect distance learning will be provided time to meet with their teachers throughout the day*
